Final 2012 Bill Track

Run Time: Monday, Mar-12-2012, 11:49 AM

HB1149 Smoking ban. ([Turner](#), [Gard](#), [Simpson](#), [Alting](#))

Digest

Prohibits smoking: (1) in public places; (2) in enclosed areas of a place of employment; (3) in certain state vehicles; and (4) within 8 feet of a public entrance to a public place or an enclosed area of a place of employment. Allows smoking in certain: (1) gaming facilities; (2) cigar and hookah bars; (3) fraternal, social, and veterans clubs; (4) tobacco stores; (5) bars and taverns; (6) cigar manufacturer facilities; and (7) cigar specialty stores; if certain requirements are met. Allows smoking on the premises of a business that is located in the business owner's residence if certain requirements are met. Requires certain signs to be posted. Requires the alcohol and tobacco commission (commission) to enforce this prohibition. Allows certain governmental agencies and law enforcement officers to enforce the prohibition. Makes it a Class B infraction to violate the smoking prohibition and a Class A infraction if the person has been adjudged to have committed three prior unrelated infractions for violations. Prohibits firing, refusing to hire, or retaliating against a person for reporting a violation or exercising any right or performing any obligation under the smoking prohibition. Requires the commission to present an annual report to the health finance commission. Removes the authority of the director of the division of mental health and addiction to regulate smoking within certain state institutions. Provides authority for a physician to prescribe smoking cessation devices to residents of state institutions. (Current law allows prescribing nicotine patches.) Moves the prohibition against smoking on a school bus during the school week to IC 7.1. Repeals the current clean indoor air law. Makes a technical correction.

HB1186 *Emergency medical services personnel.* ([T. Brown](#), [Miller](#))

Digest

Authorizes the Indiana emergency medical services commission (commission) to implement an emergency services personnel certification program through emergency rules. Provides for the licensure of paramedics by the emergency medical services commission. (Current law provides for the certification of paramedics by the emergency medical services commission.) Renames "emergency medical technician-intermediate" as "advanced emergency medical technician". Deletes the term "emergency medical technician-basic advanced". Renames "first responders" as "emergency medical responders". Requires that an emergency medical dispatcher must have completed training that meets specified standards and removes language in which the commission certified an emergency medical dispatch agency. Allows an individual who is currently certified as: (1) an emergency medical technician-basic advanced; or (2) an emergency medical technician-intermediate; two years to comply with new certification requirements for emergency medical services personnel. Provides that certain provisions relating to the unlawful or unauthorized practice of medicine do not apply to respiratory care practitioners practicing respiratory care. Requires the health finance commission to study during the 2012 legislative interim issues concerning the licensing of paramedics. Makes conforming changes.

HB1269 *Health care compact.* ([Neese](#), [Miller](#), [Buck](#))

Digest

Establishes the health care compact. Requires the securing of the consent of the United States Congress. Specifies that the state legislature of each member state has the primary responsibility to regulate health care in the member state's jurisdiction. Allows the governor to enter into the compact on behalf of the state only after: (1) the budget committee reviews the compact and an implementation plan developed by the budget agency; (2) the budget agency prepares an implementation plan showing how Indiana will provide access to health care under the compact; and (3) the budget agency presents the plan to the health finance commission. Specifies that the compact does not apply to the federal Medicare program, and that for purposes of the compact, "health care" does not include care, services, supplies, or plans provided under the federal Medicare program. Allows member states of the compact to suspend all federal laws, regulations, and orders concerning health care that are inconsistent with the laws and regulations adopted by the member state under the compact, to the extent allowed under the Constitution of the United States and the constitution of the member state. Creates the interstate advisory health care commission consisting of individuals from member states.

HB1280 Regulatory matters. (Koch, Hershman)

Digest

Requires the office of management and budget (OMB) to advise and assist state agencies and instrumentalities with the implementation of continuous process improvement techniques. Requires the OMB to prepare for each administrative rule that: (1) has been adopted; and (2) has taken effect; after December 31, 2011, a cost benefit analysis with respect to the first three years following the rule's effective date. Provides that a cost benefit analysis must include certain information concerning the three year period covered by the analysis. Provides that in preparing a cost benefit analysis, the OMB shall consider any verified data provided voluntarily by interested parties, regulated persons, and nonprofit corporations whose members may be affected by the rule. Provides that a cost benefit analysis is a public document, subject to the following: (1) The OMB or a state agency may not require an interested party or a regulated person to provide information in connection with an analysis. (2) If an interested party or a regulated person voluntarily provides information, the OMB or a state agency responsible for proposing or administering the rule shall ensure adequate protection of any confidential or proprietary information provided. (3) At least 30 days before presenting the cost benefit analysis to the governor and the committee, the OMB shall make the cost benefit analysis available to interested parties, regulated persons, and nonprofit corporations whose members may be affected by the rule. Specifies that to maintain confidentiality interested parties and regulated persons must submit the information according to the rulemaking agency's confidentiality rules. Requires the OMB to submit the cost benefit analysis to the administrative rules oversight committee. Requires an agency that amends or modifies a proposed rule to resubmit the proposed rule to the OMB. Provides certain exceptions to the analysis requirements for a proposed rule. Eliminates regular mail and personal service requirements for an initial notice of a determination for certain adjudicative proceedings. Requires a state agency, to the extent feasible and permitted by law, to afford the public a meaningful opportunity to comment through the Internet on proposed rules. Requires state agencies to consider providing a comment period that exceeds the minimum required by law. Require agencies to maintain a rulemaking docket and publish it on the agency's Internet web site. Provides that the state personnel department shall adopt classifications and qualifications for administrative law judges and other hearing officers in the executive department of state government and develop appropriate training programs for such administrative law judges and hearing officers. Requires each unit of local government that receives franchise fees paid to a unit from an entity providing video services to submit to the Indiana utility regulatory commission an annual report on the unit's receipt and use of those franchise fees

during the calendar year for which the report is submitted. Consolidates six categories of pharmacy licenses into three categories.

HB1376 *State and local administration.* ([Espich](#), [Kenley](#))

Digest

Provides that for purposes of the automatic taxpayer refund statutes, the amount of the refund for qualifying taxpayers is determined on a per capita basis by dividing the total amount of excess state reserves available to

provide automatic taxpayer refunds by the total number of qualifying taxpayers. Effective January 1, 2013, makes the threshold for use of excess reserves 14% (rather than 10%, under current law) of general revenue appropriations for the state fiscal year. Specifies that: (1) if the amount of the excess reserves is less than \$100,000,000, all of the excess reserves shall be transferred to the pension stabilization fund; and (2) if the amount of the excess reserves is \$100,000,000 or more, 50% of the excess reserves shall be transferred to the pension stabilization fund and 50% of the excess reserves shall be used for the purposes of providing an automatic taxpayer refund. (Under current law, the excess reserves are divided equally between the pension stabilization fund and the automatic taxpayer refund, regardless of the dollar amount of the excess reserves.) Provides that beginning in 2013, the office of management and budget shall calculate, after the end of each odd-numbered state fiscal year, the total amount of state reserves. Reestablishes the office of the secretary of family and social services and other divisions and offices within FSSA. Specifies that the authority of the secretary of family and social services or the office of Medicaid policy and planning to adopt an emergency rule concerning federal Medicaid waiver program provisions or federal programs administered by the office of the secretary expires on December 31, 2012. Specifies that such an emergency rule that is effective for more than one year must go through the general rulemaking process. Defines "parcel" for purposes of the statute allowing Little Calumet River basin development commission (commission) to levy a special assessment on parcels of land within the Little Calumet River and Burns Waterway watershed in Lake County. Specifies areas in which the commission may operate. Specifies the total amount of the loan repayment by the commission to the Northwest Indiana RDA. Provides that the none of the four members from a unit that borders the Little Calumet River may be from the same municipality. Provides that the attorney general shall attempt to resolve before January 1, 2013, all claims and suits brought against the state or its employees for a death or injury occurring as the result of an accident at the 2011 state fair for an amount that, in the aggregate, does not exceed \$11,000,000. Specifies the amount of relief that victims of the accident at the state fair may receive. Authorizes the attorney general to establish a process for determining the amount of compensation for persons who suffered physical injuries involving permanent paralysis or permanent physical trauma or requiring major and ongoing long-term care. Establishes the supplemental state fair relief fund for the purpose of providing additional relief to the victims of the accident. Appropriates \$6,000,000 from the state general fund to the supplemental state fair relief fund. Caps attorney's fees for representation of an eligible person regarding compensation from the supplemental fund at 10% of the total compensation paid to the eligible person from the supplemental fund. Provides that an eligible person may assign to the attorney general the eligible person's right to pursue a cause of action for the tortious breach of an insurer's duty to deal with an insured person in good faith. Provides that if the insurance commissioner determines after a hearing that a person has committed an act that is listed as an unfair claim settlement practice and is related to a death or injury resulting from the accident at the 2011 state fair, the insurance commissioner may order certain remedies. Specifies that the insurance commissioner may take such action without having to demonstrate that the act or practice occurs with such frequency as to indicate a general practice by the person. Provides that neither a hospital nor an ambulance may place a lien on a distribution made from the supplemental state fair relief fund to a victim of the state fair disaster. Prohibits an insurer from claiming subrogation or reimbursement rights with respect to a distribution made from the supplemental state fair relief fund. Requires a person who intends to challenge the constitutionality of the prohibition against asserting subrogation or other reimbursement rights to file written notice of the person's intent to challenge this prohibition not later than 40 days after a distribution is made from the supplemental state fair relief fund. Permits augmentation of the appropriation for full-day kindergarten. Changes the amount distributed per child.

SB0224 *Emergency ambulance services report.* ([Miller, T. Brown](#))

Digest

Requires the state department of health, the division of fire and building safety, and the Indiana emergency medical services commission to report to the health finance commission before October 1, 2012, concerning specified information on ambulances and emergency medical services. Requires the agencies to consult with entities that may be affected by a proposal being considered for the report.
